CHESS-WEBAPP.COM

MADE BY:

ARIC HERNANDO (2301890314)
BRYAN PUTRA SUANDI (2301890983)
JOCELYN THIOJAYA (2301900454)

This project was made as a place for people to be able to invite their friends to learn and play chess. Our learn page has descriptions for pieces which new players will find useful. Not only can you play against your friends, visitors can also play against AI. Match records and stats are saved in each user's profile.

piece description

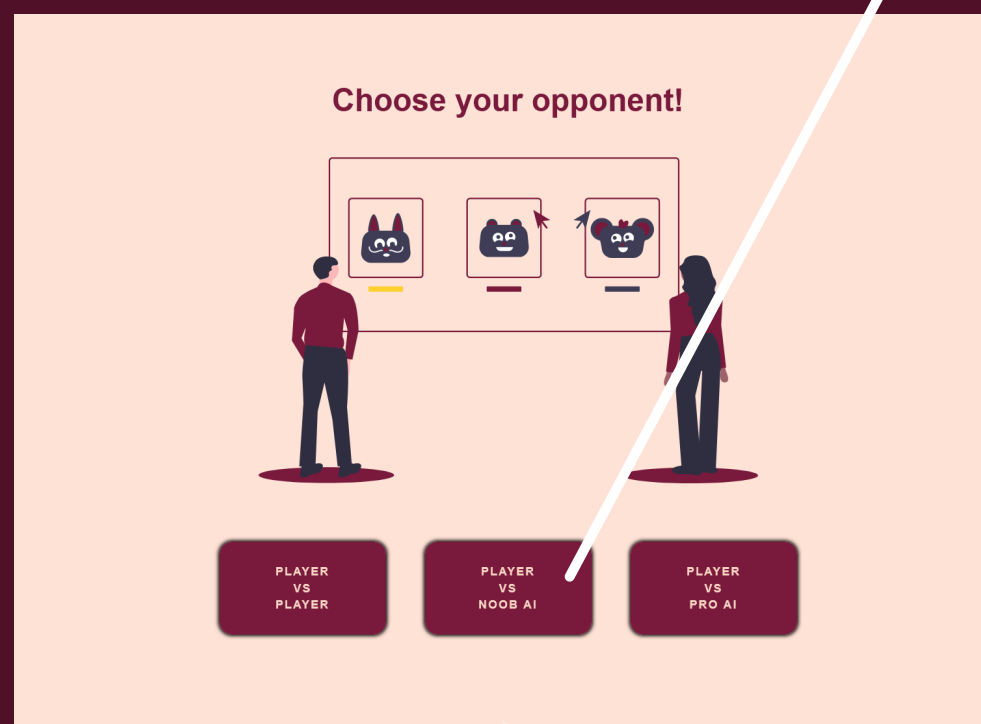

description of one of the pieces.

learn page

learn the pieces of chess!

play page

choose who to play against!

chess board

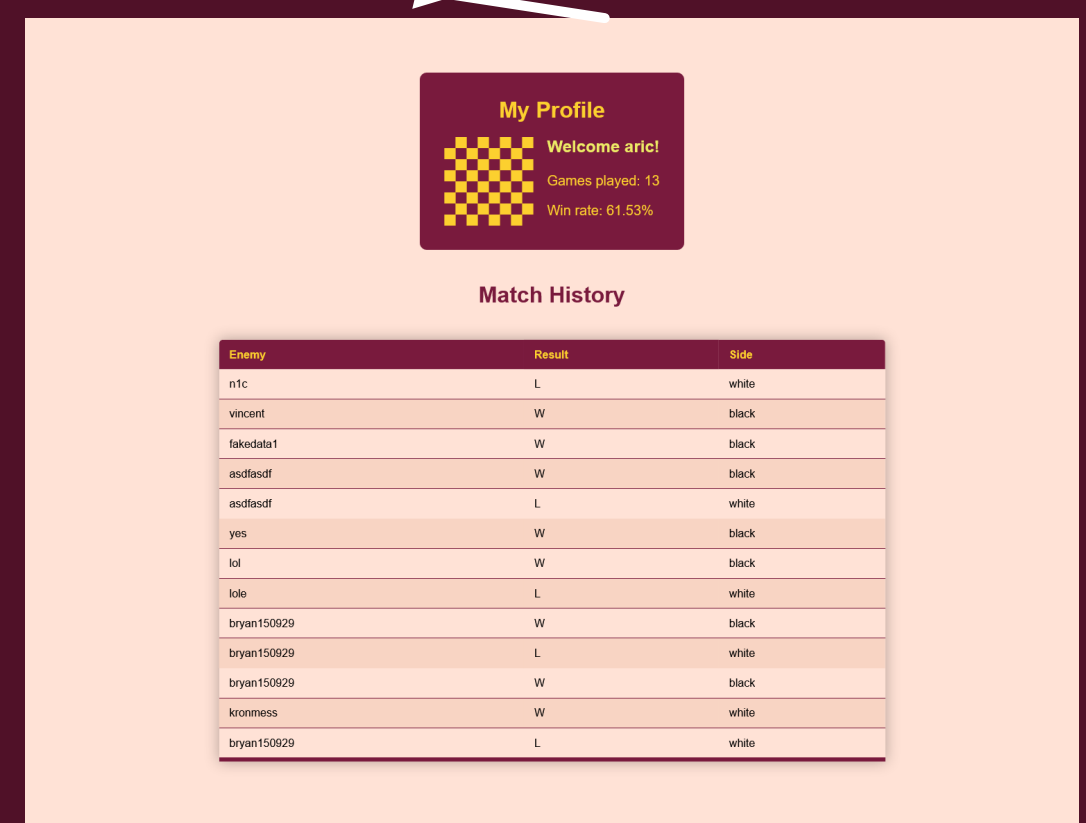

the playing chess board.

about page
